

WINTER SERVICE OFFERS

Winter is on the way but with the nature of our climate, we never know exactly what it will bring.

However severe or mild it is during the winter months, breakdown organisations experience a significant increase in breakdowns. The most common causes of these are:

- Battery failure
- Other electrical issues
- Frozen engine due to lack of correct coolant mix
- Severe engine damage through timing belt failure, resulting from frozen water pumps
- Wheel and tyre problems

To keep you and your family safe, legal and mobile during the winter months, we will care for you and your car with our low cost winter check or winter service (full details overleaf). We are taking bookings now so please don't forget to book early before winter settles in.

Most importantly, please stay safe on the roads this winter.

For further information or to make a booking please call Service Reception today.

SELENIA

More care
for your vehicle

Mopar is the reference brand for Services, Customer Care, Genuine Parts and Accessories for the brands of Fiat Chrysler Automobiles

THERE. ALWAYS BY YOUR SIDE.

- Vehicle specific diagnostics
- Software Updates

Trust in us. Trust in Mopar

- 2 Year Warranty on Genuine Parts
- Parts specifically designed for your car
- Guaranteed work
- Fitted by experts who know your car

WINTER DRIVING TIPS

Helping you prepare for all conditions

With long traffic queues in bad weather and when breakdown services are stretched, delays are inevitable. Timely preparation can save you worry and potential problems later.

- Ensure your anti-freeze is the correct type and ratio
- Check your tyres for damage and tread depth
- Check all of your lights and that the headlamps are correctly set
- Check battery terminals for tightness and corrosion
IMPORTANT! Please read safety precautions when working with your battery.
<http://www.hse.gov.uk/pubns/indg139.pdf>
- Check that your fan belt is not loose and is in good condition
- Keep your washer fluid topped up with good quality fluid
- Keep the inside of your windscreen clean. Using your air conditioning helps demist the screen rapidly
- Keep warm clothing in the car and a blanket particularly if you are carrying children. Consider carrying a flask of hot drink
- Invest in a safety kit. Please ask us, we stock them

For total reassurance

Call us now and book your Winter Check for only €24
